Christian Church Protracted Meeting Closed Friday.

The meeting at the Christian church, which closed last Friday evening, was well attended throughout and Elder Miller delivered a splendid discourse each evening for two weeks. His sermons were not of an offensive doctrinal character but were gems of christian thought and were worthy of acceptance by any who were fortunate enough to hear them, and he made many new acquaintances and friends while here on this visit. The regular choir furnished music and was assisted by Misses Lucile and Juliette Pope and Miss Miriam Pierce. Elder Miller will fill his regular appointment here on the third Lord's day of each month, morning and evening, to which services the public are cordially invited.

Quaid--Duvall.

Prof. T. D. Quaid, of Tishomingo, Okla., and Miss Lena Duvall, of Repton, were married at the home of the bride's parents on Tuesday, October 19th, 1915. Rev. Richardson of Mattoon, officiating. They left immediately afterward for a short bridal trip and are now at home in Tishomingo, Okla., where Prof. Quaid holds the responsible position of County Superintendent of schools. The Crittenden Record-Press congratulates Prof. Quaid and wishes the happy couple much joy and long life.

Russia's Millions Spent in America.

New York, Nov. 3.--The distribution of a \$57,000,000 Russian war contract for munitions and

supplies recently awarded in this country was announced today. The Bradley Construction Co., was awarded the munition contract, which totals about \$50,000,000 and includes one billion rifle cartridges. Its contract provides also for a new one man machine gun which is carried on a soldier's back. It is an American invention. A contract for five million yards of cloth for overcoats was awarded to the American Woolen company.

DYESTUFFS FROM GERMANY NOW DUE.

Arrangements With Great Britain Lets Cargo through.

Washington, Nov. 3.--Fifty tons of coal tar dyestuffs of German manufacture were due in New York yesterday on the steamer Saint Louis, consigned to the secretary of commerce. The shipment is for the account of William A. Mitchell, of Lowell, Mass., representing the National Association of Cotton Manufacturers. In a statement the commerce department said: Several months ago the secretary consented to act as consignee of two cargoes of dyes from Germany for which sale passage was assured by permits granted by the British government upon the express condition that the secretary of commerce would be the consignee. The embargo upon the exportation of these cargoes from Germany has not been lifted. Arrangements were made however, by American manufacturers with the British government whereby that government has permitted the exportation to the United States of the dyes coming on the Saint Louis. It is hoped that this is the first of a series of similar shipments.

MARION'S BIG- GEST DAY

In History.--Was Last Saturday When Over 5,000 Attended School Fair.

I take this method of thanking you, one and all, for the hearty co-operation and valuable assistance given me and the loyal teachers of the county (God bless them) in making October the 30th the best day ever known in Marion and the county as a whole, in the social lives of our childhood, patrons and citizens alike. The School Fair was undoubtedly a success.

Especially, do I want to thank the teachers of the Marion Graded and High School. They are jewels, every one of them. No child can live daily under their influence and grow up to be other than a true citizen and patriot. The Marion High School orchestra and band can't be beaten, especially for loyalty, willingness and faithfulness. Especially do I thank you.

The Crittenden county teachers cannot be surpassed. They are as good as the best. No words can express my feelings toward you. I have no stronger feeling of gratitude, sympathy or loyalty for kith or kin than I have for you. We are one. Too, the good trustees are due the admiration of any people. I have never issued a call for either teachers or trustees, be the occasion what it may, but what you have responded cheerfully and gladly. I thank you.

In talking with Mr. A. S. Cannan, chief of police, whose duty it is to know of and adjust all complaints etc., he informs me that there was not a single complaint, or accident and that he heard no rough, obscene language used by any one during the whole day. He estimates the crowd at six thousand, and not a disorderly act from any one.

Again, I want to thank all that helped to make this, Crittenden County's first School Fair a success.--but what does it all mean any way? We all have a place to fill, a work to do, a crown to win. If it is in bringing "town" and "county" closer together; making life brighter for the children; creating a greater desire for more and better school work, or whatsoever, it is only making a greater and better citizenship, and making Crittenden a better county in which to live. So let's move onward and upward. Yours for better service,

E. Jeffrey Travis,
County Superintendent.

Aping the Elephant

A 6-year-old boy was eating peanuts. He ate them in the usual manner for a time and then poked one up his nose. Not getting the desired results in that fashion he went crying to his mother. She tried to remove the peanut, and after failing in the attempt, called in a physician. After the peanut was removed, the physician had gone and things settled down to some extent, the mother began to demand an explanation.

"Why in the world did you want to poke a peanut up your nose, anyhow?" she asked.

"Well," replied the boy, in self defense, "that's the way the elephants eat them."--Indianapolis News.

ROBT. LEAR HOME AGAIN

Has Been in Several Successful Meetings. Below is Account of His Trip.

I am just in from a 3 months campaign, which has been one of the greatest of my 10 years in the evangelical field. I left home on the morning of Aug. 11, went to Downie camp near Mt. Vernon, Ill. We had a great camp, Rev. P. Raymond Powers was my co-laborer, he preaching twice daily and I had charge of the music and preached once daily. Many souls were definitely blessed.

My next engagement was at Water Valley Ky., a union meeting with Methodist and Presbyterian churches, that was also a great meeting. We held three services daily. I led the music and preached once every day and some days twice, the Lord wonderfully blessed us in this meeting. Many were convicted and converted in the old way (and not the new way). Strong men fell in the altar and surrendered to Christ. From that meeting I went to Portland, Tenn., to join my old friend Uncle Charlie Wimberly in a meeting in the Methodist church. I had charge of the music and preached three times each Sunday when Bro. Wimberly went to fill his appointment in his own church. The people say that was the greatest meeting ever held in the city. Scores of men and women were converted and joined the church.

From that meeting I went to the Ky. conference to hold a meeting for Bro. P. J. Ross one of the best men in the Ky. conference. The Lord graciously blessed his word in that meeting. Then I was privileged to attend our annual conference and lead the music during its session. My next engagement was Bucklin, Mo., 240 miles N. west of St. Louis. I lead the music and preached twice and three times a day for 16 days. The meeting resulted in nearly fifty conversions and accessions, also from the influence of the meeting the business houses will no longer run their businesses on Sunday. Bucklin is a fine little city situated on the Burlington and Santa Fe R. R.'s also it has an ocean to ocean highway, a Big 4 highway and two state highways that cross the entire state and it is surrounded by a rich productive country and there are some as fine people as can be found anywhere, but notwithstanding all this, some of the merchants did business on Sunday, but now the entire town is rejoicing over the Sunday closing and the good meeting the Lord gave us.

Then giving a report of myself since Aug. 11th. I will say I have led the music in five revivals, sung about sixty solos, and preached about seventy-five times, with but one day's rest. The Lord has wonderful blessed me in strength of body and in voice, so that I scarcely know I have been busy, but as I am at home I think I shall take a little vacation. To Him be all the glory for the many souls I have seen blessed. Amen.

ROBERT LEAR.

Senator James, who came home to make the closing speech of his campaign in the interest of Stanley, was listened to by a crowd which comfortably filled the opera house. He left Tuesday at noon for Washington, D. C.

Epworth League Entertained Friday Evening.

The Epworth League delightfully entertained at the home of T. H. Cochran Friday evening with a Halloween party. The Halloween decorations were artistically carried out in pumpkins, black cats and witches. Delightful refreshments were served in the dining room. The table was decorated with fall flowers as a centerpiece and around this were black cats and ferns.

Contests and games were enjoyed by more than fifty guests.

Republican Landslide.

The returns from the Governor's race are coming in slowly, and both sides claimed to have won at 2 o'clock Wednesday. It is, however, conceded that Jas. D. Black, the Democratic candidate, has won the Lieutenant Governor's race. At 3 o'clock Wednesday as we go to press, the newspaper reporters at Louisville are wiring to Cincinnati and Washington afternoon papers that Stanley has won by a very narrow margin.

A Horrible Mistake Corrected.

Marion, Ky., Oct. 1st, 1915.
Mr. S. M. Jenkins,
Marion, Ky.

Dear Sir,

Am writing in regard to a serious mistake in your paper. Will you please correct it? I sent to your paper, an account of a picnic Oak Hall went on, which one of my pupils wrote and in this was an account of an acorn battle which occurred. You had the following:

"The girls got to throwing 'KISSES' at the boys and followed acorn battle." It was an astonishing mistake, it was.

"The girls got to throwing 'ACORNS' [not kisses, by no means] hitting the boys with them and causing an acorn battle."

Please correct it. It may be that you made a mistake or as a joke, but as joke it suited neither pupils or teacher. But the girls at Oak Hall, [most certainly] did not throw kisses at the boys, on the picnic or anywhere else.

I hope you will print a correction.

I remain,
Eula B. Gass.

PROVIDENCE H. S. WINS FROM MARION.

(Providence Enterprise)
The Providence High School football team came home from Marion Saturday evening in great glee. They had met the enemy and he was theirs. They had taken Marion's scalp and while some of them had the skin rubbed off in places, legs, arms and "slats" were all sound. They were treated nicely by the Marion lads and hope to meet them again soon. The score was 26 to 0 in favor of Providence.

The Local Newspaper

"Stand by your town newspaper. If there is anything in your town worth talking about, ten chances to one your little town paper had a hand in putting it there, and if there exists any unsightly or unsavory nuisance, twenty chances to one it will stay there until your town editor sees it or smells it and wipes his pen on the town board's breeches. If anybody beyond the walls of your little burg ever learns that there is such a place as Peaceville, it will be through the town oracle.

"Every village gets its moneys worth in the village newspaper. It's the wagon that carries all your good things to market. It ought to be kept in good repair. In many cases it would pay to grease it, paint it, keep its running gear in shape and shelter it at the public expense.

"Stand by your local newspaper. It's the guardian and defender of every interest, the fore runner and pioneer of every advance movement and the sturdy advocate of law and order. Take it away, and it would not be six months before the town would look as if it had been doped. Business would drag, society would yawn and grass would grow between the cobbles."—Publisher's Auxiliary.

credible, but which is vouched for by reliable persons, was told us on Wednesday morning by E. L. Bingham. As the story goes, the farmers in the Cabbage neighborhood have for some time been sing young pigs and lambs, and their disappearance has been credited to a big rattle snake, which had his home on Bush Mountain. Last week a little son of a Mr. Wilder, accompanied by his dog, went out on the mountain. The dog, which was some distance ahead of the boy, was heard to give a yelp, and a few minutes later came running back to his young master, dropping dead at his feet. The boy went on to see if he could discover the cause of the dog's death, and found a huge snake. He went back to the house and told his father of his discovery. Mr. Wilder shouldered his gun and soon found his snakeship, which he put to death. The snake which was a rattler, measured twelve feet in length, weighed over 100 pounds and had forty-five rattles and a button.—Pineville Sun.

Enemy of the Mosquito

The duck is said to be the most formidable animal enemy of the mosquito, and the introduction of this bird is recommended for eliminating mosquitoes and the diseases which these insects spread from marshy regions where draining would be too costly. In a recent experiment two artificial pools were constructed of equal area, ducks being placed in one and fish in the other. The former pool was quickly freed from mosquito pupae and larvae, while in the other they continued to abound. Wild ducks are said to prefer mosquitoes to all other food.—Exchange.

Home Industries First

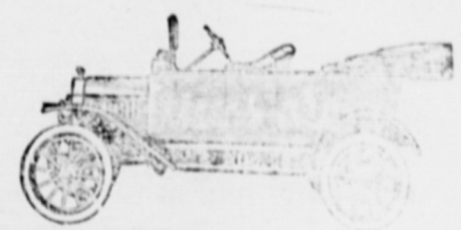

Nearly all of the newspapers of this country are interested in their own respective communities first, last and all the time. When the average man is asleep in his home—or somewhere else—there is generally an editor pounding away to his interest and printing matter in his defense or in defense of the community—which is the same thing. But that is not the point. The point to this little preachment is a paragraph from a Western newspaper, which shows the unique satire which an editor uses in calling attention to the desirability of having people patronize those who aid in the upbuilding of the community, rather than trading with mail order houses in distant cities, who are not interested in the local community. Hear him:

"We have written to Montgomery, Ward & Co., and to Sears, Roebuck & Co., of Chicago, calling their attention to the condition of the road south of town and asking for contributions to help repair it. These firms enjoy a large trade in this territory, and as they do not pay any

taxes here, they will no doubt cheerfully make a substantial cash contribution for such a worthy cause."—Ashland Independent.

The kidney secretions were too frequent in passage and contained sediment. Hearing Doan's Kidney Pills highly recommended, I began using them. I was helped almost at once."

ITALY SEIZES \$50,000,000 IN COTTON FOR GERMANY

Shortage of Cars Pretext, And Teuton Rolling Stock Sent to Relief is He'd.

New York, Oct. 22.—American cotton valued at approximately \$50,000,000 shipped from the United States and consigned to Germany is in possession of the Italian Government, according to Capt. J. W. Batchelor, of the Liverpool Salvage Association, who arrived here to-day on the steamship Baltia from Liverpool. Capt. Batchelor said that he recently came from Italy, where he was engaged in looking after this cotton.

For several months, he said, previous to Italy joining the Allies, all cotton consigned to Germany through Italy was released. One of the last pretenses used was that there was a shortage of cars, and to overcome this Germany sent to Italy a large consignment of rolling stock. Italy is in possession of both cars and cotton.

BLACKMAILER FOILED

Dummy Package of Bill's is Taken by Alleged Anonymous Letter Writer.

Morganfield, Ky., Oct. 26.—R. M. Young, a wealthy resident of this city, Saturday morning received an anonymous letter demanding that he place by 8:30 o'clock p. m., \$150 in \$10 bills at a certain place in the first lavatory of the Capitol Hotel, threatening a far greater loss to Mr. Young inside of a month if he did not do as requested.

Mr. Young placed an envelope containing blank papers at the appointed place and had two men watch. They saw Herman Wright go in and out several times, until his last entrance, when the package disappeared. Wright was arrested at a livery barn a short distance away by

Marshal Charles Sellers, in a stall, the papers minus the envelope, being found there. Wright's examining trial will be held this afternoon.

ARLINGTON MERCHANT FEELS BETTER

Friedrich Redeker, a business man of Arlington, Ill., was a victim of stomach and digestive troubles. He went to a hospital for an operation for another trouble. When he recovered from the operation he found his stomach trouble worse and his heart affected.

He took Mayr's Wonderful Remedy. He got his appetite back and gained in strength right away. He wrote:

"I owe you some words of congratulation for your stomach remedy. I could not eat anything but soft food and the bloating from gas got so bad that at one time I had a fainting spell for three hours. I went to one of your Chicago drug stores and got your remedy. I took the remedy and the next morning was relieved. I am getting stronger and can eat anything that comes along."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

And I turned, and lifted up mine eyes, and looked, and behold, there came four chariots out from between two mountains; and the mountains were mountains of brass.

In the first chariot were red horses; and in the second chariot black horses;

And in the third chariot white horses; and in the fourth chariot griseled and bay horses.

Then I answered and said unto the angel that talked with me, What are these, my Lord?

And the angel answered and said unto me, "These are the four spirits of the heavens, which go forth from standing before the Lord of all the earth.—Zechariah, 6:1-5.

IN SOCIETY

A delightful Halloween bridge
party was given Friday evening at
the home of Mr. and Mrs.
Wm. Barnett.

Those participating being,
Misses Marian Clement, Eva
Clement, Cora Dee Eldred, of
Princeton; Ruth Croft, Madeleine
Jenkins. Messrs. Douglas Clem-
ent, Robert Jenkins, Gabe Abell,
Maurie Nunn, Bruce Babb, Mr.
and Mrs. Sam Gugenheim. Har-
old McDonald and Mrs. Kath-
arine Thomas.

The guests were met at the
door by a witch, who ushered
them up stairs where each one
was given a mask and sheet; the
ghosts were then bidden to walk
and find their partners, after
which several delightful games
of bridge were indulged in.
Jack o'lanterns and black cats
and other Halloween suggestions
were in evidence everywhere and
especially attractive was the
dining room where delicious
chicken salad, sandwiches, olives,
coffee, brick ice cream, in the
shape of pumpkins and angel
food cake, were served.

Tiny black cats were the
favors.

Miss Marian Clement was hos-
tess to a charming bridge party
Thursday evening in honor of

Mr. and Mrs. Samuel Gugen-
heim, it being the tenth anni-
versary of their marriage, and
Miss Cora Dee Eldred, of Prince-
ton, who was Miss Clement's
guest last week.

Miss Cora Dee Eldred won
first prize, a pair of gold shirt-
waist pins. Second prize being
won by Mrs. Wilbur Haynes.
The gentleman's prize was cap-
tured by Mr. Sam Gugenheim.

Delightful creamed oysters on
toast, pickles, cheese, sandwiches
and coffee were served to seven
tables of guests.

Mr. and Mrs. Gugenheim were
the recipients of many useful tin
articles.

Mrs. J. Houston Orme's kitch-
en shower Wednesday afternoon
honoring Miss Maude Flanary,
was one of the prettiest parties
of the week. As the guests
arrived their gifts were placed
in an autumn basket of yellow
and brown.

The afternoon was spent at
auction. At the conclusion of
the game, Miss Flanary was pre-
sented with the gift basket. The
ice course which was served to
the eight tables of guests was
most attractive and typical of
the early fall, the ices being in
the form of partially husked
corn: Favors were also ears of
corn, filled with mints. Mrs. C.
S. Nunn received with Mrs.
Orme, while the Misses Blue and
their guest, Miss Browning, of
Falmouth, Ky., stood in line with
Miss Flanary.

Herman Travis lost a stock barn, by fire Saturday night, on the P. H. Deboe place, east of the city, on the Shady Grove road. We understand he lost considerable hay, corn, and other grain. He carried an insurance of \$100. on contents and \$200. on the barn, which however did not cover the loss.

The Hayward house was sold at public outcry Saturday afternoon at 1:30 o'clock. E. D. Thurman, of Paducah, was the successful bidder, the property being knocked off to him at \$8700.00. There was no local bidder, so far as we could learn. The price at which this property was sold, does not represent more than half of its cost.

W. H. Hatcher, Wash. Oct. 29.—A. J. E. Holden made a novel request of his newspaper readers. He asked the managers of his subscribers for a week's indulgence in the paper for a week, as he went away to be married.

Holden said: "We don't know whether it is customary for an editor to take a vacation or not. We do know that we want to get off for a week, and as this paper is yours and you are the boss, we are going to ask your indulgence and omit next week's issue."

PRISON FARM SHOWS PROFIT

Experiment of Board of Prison Commissioners Solves Problem

MEANS SAVING TO TAXPAYERS

Interesting Statement Issued by Warden A. J. G. Wells, of the Kentucky State Reformatory—State Farm Shows Profit of \$4,826.81 During Fourteen Months.

Frankfort, Ky.—(Special).—The experiment of employing the prisoners of the state on the State Farm seems to be a decided success. After a thorough trial of the plan of the Board of Prison Commissioners and Warden Wells, there is a net profit to the state of \$4,826.81 in fourteen months.

At the request of R. C. Terrell, Commissioner of Roads, A. J. G. Wells, Warden of the Kentucky State Reformatory, has prepared a statement covering the period the plan has been in operation. Warden Wells covers his two years' experience with a limited number of prisoners on the State Farm. Mr. Wells said in part:

"The Legislature of 1914 authorized by law the lease of a farm, with an option of purchase at the end of the lease. In accordance therewith, the Board of Prison Commissioners, on recommendation of myself, as Warden, and with the approval of the Sinking Fund Commissioners, of which the Governor is a member, leased the Martin farm, consisting of 462 acres, about 1½ miles from the prison, and in the heart of the Kentucky river valley, just opposite the new capitol, for an annual rental of \$3,000 per year. The Legislature adjourned on March 19, 1914, negotiations were carried on with several landowners and a contract concluded, and prisoners were put to work on the farm April 10, 1914. This, of course, was too late to get the best results the first year. This late start, which was unavoidable, and the severe drought which followed, made it a trying test for the first year, but in spite of both of these serious handicaps, even this year made a most satisfactory showing.

"A summary of expenditures and receipts of the farm, from April, 1914, to July 1, 1915, shows a net gain on July 1, 1915, of \$4,826.81, after charging the farm with all labor at the same average price paid inside the prison. Moreover, this net gain does not take into account many crops that had not developed sufficiently for accurate invoice on said date. These crops are as follows: 10 acres of tobacco, 25 acres of late Irish potatoes, 1 acre of sweet potatoes, 8 acres sugar cane, 7 acres turnips, 2½ acres cabbage, 15 acres beans, 5 acres greens, ½ acre cucumbers, 1 acre carrots, 6 acres melons.

"The season since July 1 has continued good, and the products above named have added very materially to the balance above stated. We have, since July 1, put up for use in the prison 12,000 gallon cans of beans, tomatoes, corn and apples. All the cattle and hogs are slaughtered at the farm, and sold to the prison at less price than the packing houses furnish other state institutions similarly situated. The meats, vegetables and other products are served fresh, and are altogether more wholesome and palatable than from the packers' cold storage. The better health of the prison population resulting is within itself a large asset.

"The farm, on account of its proximity to the prison and its splendid isolation, is ideally located. There are on the farm inexhaustible ledges of limestone, and within a few feet of a railroad and the Kentucky river. A rock crusher of sufficient capacity at this point, operated by prison labor, could easily supply a large demand for road material throughout the state.

"The railroad and river facilities for shipment should insure reasonable transportation rates. In my opinion, there is no place in the market which furnishes so many attractive features as this one for farming on a small scale, and for the production and transportation of road material, by the use of prison labor.

"It might be interesting in this connection to state that out of 179 prisoners sent to the farm at different times, only 4 have escaped, and 2 of them returned. These prisoners remain at the farm at night, and, while they are under the direction and guard of Capt. J. P. Schnorbus, they have, necessarily, many opportunities to escape, if they were so inclined. I do not mean by this statement, however, to indicate that prisoners, indiscriminately, can be trusted on the outside. We have attempted, as far as surrounding circumstances would permit, to exercise good judgment in their selection for this work. My estimate is that possibly 25 per cent of the prison population could be worked on the outside in farming and the production of road material, with reasonable safety, under proper, careful and humane direction. A great deal will depend upon the plan adopted and selection of the agent, or agents, who shall execute the plan.

"If such a venture is to be made by the state, a bill should be carefully drawn, after mature consultation with those who have had actual and successful experience in the handling of prisoners, and before the meeting of the Legislature. No half-baked, hastily-considered legislation should be passed in this connection."

Conquests of Science Are Placed at Service of Murder, Says Pope.

Rome, Oct. 29.—Pope Benedict, in an interview published in the Avenire d'Italia, expressed his deep affliction by the tragic events ravaging Europe and his suffering at being obliged to his powerlessness upon such a spectacle. But in his father's heart, which cherished alike all his children, the Pope said he thought only of the day when the rulers of warring peoples shall understand the necessity and duty of ending the carnage which is overthrowing all human and divine laws.

The Holy Father abstained, he said, from passing judgments which have no practical result, but would to the contrary cause fresh recriminations and sow fresh discords. He deplored the violence and the barbarities practiced in a war wherein the conquests of science were placed at the service of murder.

In conclusion the Pope declared that, his appeal for peace having been unheard he would continue his charitable work for the benefit of the wounded.

Family Reunion, Oct. 28th, 1915.

After twenty-eight years the sons and daughters of W. A. Jacobs and wife, Lida Emaline Jacobs, came together again, after many years of separation. At the old home of W. A. and Lida E. Jacobs, of near Crayne, Ky., where seven children having been born to this union except Partley Jacobs, who was born in a little log cabin on grandfather's (Holland Jacobs) farm near Livingston creek in Crittenden county, Kentucky.

Fifty-two years have past and gone, yet, this home of six children, father and mother. Not a death in this family for over fifty years. Little sister, Mary Bell Jacobs, departed this life April 25th, 1865. Fifty years and six months without a death.

Thanks to our great creator for this blessing. May our lives be long and happy still. George Holland Jacobs, 47, of Phillipsburg, Kan., the only one now present.

Those present were: Wm. Albert Jacobs, age 78, wife, Lida Emaline Jacobs, 72, sons, the old home near Crayne, Ky.: they Allen Jacobs, 53, of near Crayne, Ky.; William Jacobs, 49, Phillipsburg, Ky.; John Jacobs, 44, of near Crayne, Ky.; Elmina Jacobs, 41, of near Crayne, Ky.; R. F. Jacobs, 38, of near Crayne, Ky.; R. F. D. No. 2, box 123, of near Crayne, Ky.; Elmina Jacobs, Phillipsburg, Kan.; Joe Guess and wife, Phillipsburg, Kan., and little daughter, of Marion, Ky.; T. G. M. Harper and two children, Fredonia, Ky.; W. P. Loyd and wife, Crayne, Ky., and P. S. Loyd, Fredonia, Ky.

The bright and beautiful autumn day spent with a great rejoicing, being the birthday of Lida Emaline Jacobs, the mother of the family.

In the forenoon Mr. Canada made a photograph of the family and relatives, also a photograph of father and mother, three sons and two daughters.

Dinner was served on the lawn, picnic style. Everyone had a chance at mother Jacobs' birthday cake. In the evening we had some good singing by Bartley Jacobs, Presley Jacobs, Leman Station, Elmina Jacobs, Nannie Travis and Ida Woodall, also earnest music from the front and concert that can be heard ten miles, playing that great melody, "Sweet By and By." After singing "God Be With You Till We Meet Again," we returned to our homes with a hope within our souls, that we meet here again, if not, we expect to meet high up in heaven, where we can rejoice with our loved ones forever more.

When our father and mother have gone to rest.

If your children are living we will do our best.

To meet you on that happy shore.

We will pray for you ever more. Written for the Crittenden Record-Press, by our dear son and brother.

R. M. Franks Goes

To His Reward.

On Thursday, Sept. 30th, at 5:30 p. m., 1915, R. M. Franks passed peacefully to his reward, dying in the full assurance of the blessed immortality that awaited him.

To understand him, was to love him; those who knew him best, loved him most.

His was an unselfish life, ever willing to share his blessings—great or small—with all who needed them.

His life was characterized by zeal and enthusiasm.

In every cause he deemed worthy and stood firm regardless of opposition, fearlessly, though courteously contending for same. But when convinced, was generous enough to yield to conviction.

It can be truthfully said of him, he served but one God.

He loved the sanctuary ever finding joy in its services, regardless of creed.

He was never more delighted, than when in the service of the Sunday school cause.

In his last days he expressed gratitude toward Crittenden Co., Sunday school for casting him in office thereby permitting him to die on the field.

Also, expressing wishes for the success of the ensuing convention of 1916 to be held in Tolu.

To say we'll miss him but feebly expresses it.

In no better way could we show our appreciation of him and his work, than by taking up his mantle which has fallen and like Elisha of old strike with this mantle the lifeless Sunday schools of this county until they are quickened into abundant life.

May we ever be ready to render that hopeful and inspiring service faithfully in the shadow as in the sunshine unmoved by opposition.

"Blessed are the dead that die in the Lord from henceforth; yea, saith the spirit, that they may rest from their labors; and their works do follow them."

The four years following the death of his second wife, he resided in the home of a devoted daughter, Mrs. C. E. Walden, of Marion. The two remaining years of his life were spent in Tolu in the home of another devoted daughter, Mrs. T. T. Guess.

MEMBERS OF MADISONVILLE BAR HONOR OFFICIALS

Resolutions Praising Fairness of Retiring Circuit Court Judge J. F. Gordon.

Circuit court which has been in session for the past four weeks, closed last Saturday morning, the last regular term over which Judge J. F. Gordon and Prosecutor John Grayot will preside, and the members of the Madisonville bar, together with the officials of the courthouse, in resolutions adopted and published below, paid high tributes to the retiring officials.

A beautiful seven foot mahogany hall clock was presented to Judge Gordon, Judge Yost delivering the presentation speech, while a Westminster chime clock was presented to Mr. Grayot. Ruby Laffoon making an address.

All of the members of the bar were present and all made short remarks.

The resolutions adopted follow: The Committee on Resolutions pointed by the Bar of the City of Madisonville, Hopkins county, Kentucky fittingly to memorialize the long, faithful and acceptable service in office of Hon. J. Fleming Gordon, Circuit Court Judge in Eastern John L. Grayot, Commonwealth's Attorney of the Fourth Judicial District, beg leave to submit the following:

It is with sincere regret that we note the proximity of the conclusion of the terms of these two esteemed public servants.

Hon. J. Fleming Gordon has presided as our Circuit Judge for the past fourteen years. His official administration has been marked from the beginning by a welcome impartiality and an unquestioned fairness which has sprung only from a pure and unbiased mind. His every decision, whether rendered without time for deliberation and in the heat of trial or after long thought and consideration which he was accustomed to ungrudgingly give to the questions before him when opportunity presented itself, portrayed the logical processes of a highly trained, powerfully analytical, unerringly brilliant mind. His absolute fearlessness, his whole-souled earnestness, his love of honor, justice and truth, combined with the extraordinary gifts above mentioned have made him an ideal Circuit Judge. No bench in the state has been so ably filled than that of this district during his term of office. The good people of the community lose a Gibraltar of strength in the judiciary, the members of the bar a kind and patient counselor, and find with the conclusion of his service in the office which his talents have so honored.

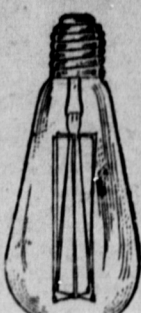

Hon. John L. Grayot began his service as Commonwealth's Attorney twenty-three years ago, at the time the youngest Commonwealth's Attorney in the state. His administration of the affairs of that office have secured him a position of love and respect in the minds and hearts of the people generally and the members of the bar, second to none.

His devotion to duty has left no doubt of his worth, his honor and his keen responsibilities. His remarkable ability as a prosecutor has gained toward keeping peace and order in the district.

BEFORE, BE IT RESOLVED, that as members of this bar, we these two distinguished gentlemen our heartiest expressions of esteem, admiration and respect and as they today conclude service with us in their

Few women realize the uses to which electricity can be put in their homes, as a means of simplifying the house work, which is, at times, detested.

The same wires that now serve you so well with light are ready to bring to you new comfort, convenience and enjoyment thrown in.

Next to the easy availability of electricity in most homes is its low cost. You all know of the small cost of burning one electric lamp. For operating most of these devices the current consumption is no greater than an ordinary Mazda lamp, if as much.

There are the electric toaster and the many other heating devices for the easy preparation of food, and the little step-saving inter-phone for communication from room to room.

And then there are those wonderful labor savers, the motor; the electric iron and washing machine.

All these devices are sold and guaranteed by James Clark Jr. Electric Company, dealers in all kinds of electrical supplies.

Why Editors Are Rich

A child is born in the neighborhood; the attending physician gets \$10. The editor gives the loud-mouth youngster and the happy parents a send-off and gets \$0.

When it is christened the clergyman gets \$10 and the editor gets \$000.

It grows up and marries. The editor publishes another long-winded article and tells a dozen lies about the "beautiful and accomplished bride." The clergyman gets \$10 and a piece of cake and the editor gets \$000.

In course of time it dies. The doctor gets from \$25 to \$100, and the undertaker from \$50 to \$200, the editor publishes a notice of its death and an obituary two columns long, lodge and society resolutions, a lot of poetry and a

free card of thanks, and gets \$0000.

Nine Reasons Why

Men Should Not Vote.

(Meant to be funny and it is funny from one woman's point

of view, because it is the same kind of argument put forth against women voting.)

1. Man's place is in the office, field or factory, making a living for the family.

2. Politics would take a man out of the home even the very small amount of time he might otherwise devote to his family.

3. If men vote they will want to hold office, and everybody knows how deteriorating it is for a man to hold office, and how severely his private interests suffer.

4. Men are creatures of impulse. It is the regular thing for political conventions to stampede.

5. Bad men—procurers and white slavers—would come out of their dens on election day and vote.

MRS. M. JOSEPH SAYS 'EXCELLENT'

Louisville Woman Asserts Tanlac Benefitted Her Wonderfully.

Louisville, Ky., Nov. 3.—Mrs. Minnie Joseph, wife of Louis Joseph, the well-known employe of Fontaine Ferry Park, is among the hundreds of Louisville people who recently have indorsed Tanlac. Mrs. Joseph said: "I have suffered from nervous debility several years. My system was all run down. I had nervous headaches and was greatly depressed in spirits.

"I used a number of preparations in the hope of bettering my condition, but nothing seemed to accomplish the right results until I began taking Tanlac. Tanlac has proved a most excellent tonic in my case. It relieved me wonderfully. I am so much better and I will gladly recommend this medicine."

Tanlac, the premier preparation can now be had in Marion at J. H. Orme's drugstore, and in Blackford at A. T. Brown's drugstore. Advertisement.

WORK TO START AT EARLY DATE

On New I. C. Line Which Takes In Pope and Hardin Counties.

The mineral districts of northeastern Pope and the hinterland of Hardin county, northward from Shelterville and Rosiclare are nearer to the realization of their long cherished dream of direct railroad connection north and south, than they have ever been before. Rumors of projected railroads have from time to time created fresh hopes in the minds of farmers and owners of mineral properties in that section of the state for years but not until it was definitely given out that the Illinois Central has taken the subject into hand, has there been anything like certainty about such enterprises. Now the people over there are convinced from the activities of the Illinois Central that the completion of the Metropolis Bridge will be contemporaneous with the finishing work upon a Chicago-New Orleans trunk line railroad built by the Illinois Central that shall leave the Ohio at Metropolis passing through Pope and affording Golconda a direct north and south line thence through northeastern Pope and the west end of Hardin affording shipping facilities for the vast deposits of the fluor spar fields that are then certain to be developed upon a scale that will outclass anything heretofore seen in that section and traversing Gallatin and White counties, unite Grayville with the Peoria, Decatur and Evansville line of the Illinois Central. The projected line has been surveyed so often that there will be no delay from that score and it is anticipated that the dirt will begin to fly at an early date.—Marion Leader.

6. Men are conservative.
7. Men are radical.
8. Men can't fight. We don't have wars enough to give them a chance, and private combats are forbidden.
9. Voting would destroy the atmosphere of sentiment which now surrounds men. Every man is a knight errant to some woman. How disillusioning it would be to see this Sir Galahad mingling with the drunkards at the polling booth!—Farm Journal.

Report of Crittenden County Fair and Stock Show Held on October 29th, 1915, in Maxwell

| | |
|------------------------------------|----------|
| Total premiums won and paid | \$152.00 |
| Total gate receipts | \$146.25 |
| Private subscription by Mr. Dupuy | 2.00 |
| " " Mr. Geo. Roberts | 1.00 |
| " " Mr. D. Postleweight | 1.00 |
| Total | \$150.25 |
| Total Expenditures and incidentals | 20.00 |
| Total | \$172.25 |
| Balance | \$22.00 |

I take this opportunity to correct some reports that have been spread around the county. The business firms of Marion did not offer to pay all premiums, nor did they pay any part of the premiums. We tried to put on a self supporting fair, as all county or state fairs are run. We could not keep open gate, and pay premiums. We hope every one that attended was benefited and will join hands and help us have a better fair next year.

J. ROBERT BIRD, County Agt., Sec.

THE WELL-DRESSED MAN MARCHES WITH QUICK STEP TO SURE PROSPERITY. A BUSINESS MAN WILL QUICKLY "SEE" THE WELL-DRESSED MAN WHO CANNOT BE WILL EITHER REFUSE TO SEE, OR HAVE NO FAITH IN THE MAN WHO NEGLECTS TO PUT ON A "GOOD FRONT". OUR BUSINESS IS TO BUILD "GOOD FRONTS." HAVE SUCCEEDED AT IT: THIS IS WHY WE HAVE BUILT A CLOTHING BUSINESS WE ARE PROUD OF.
